## **GARY COLLINSON**

Firstly, I would like to extend another warm welcome to the players, staff, directors and supporters of Farnborough Town, who we played way back in September in a hugely entertaining 3-2 defeat. Farnborough are sitting comfortably in 8th in the division and maybe eyeing an outside chance of making a late charge for the play-off spots. 2 wins in the last two games have seen some positive signs following a few indifferent results.

On Tuesday, we saw a lively game as we bowed out of the Somerset Premier Cup Semi Final with a 2-1 defeat by Taunton. The efforts of the lads and trialists during this game have to be applauded and it was truly a game that could have easily gone the other way. However, we wish Taunton all the best of luck against Weston-Super-Mare in the final.

Back to the league today and the last two results have seen us start to pick up points on the teams around us, firmly putting the emphasis back on staying up. It's now all about wins, and with us looking to secure a third win on the bounce today against what will be another strong opponent. Danny and the team continue to handle themselves in

an incredibly professional manner. The spirit shown to win against title chasers Taunton, as well away to Harrow Borough last weekend has been great to see.

Let's continue to dream, hope, cross fingers and toes that a third win is on the cards today.

So, enjoy the game and get behind the players today, you all make a huge difference and your support is very much appreciated.

I hope you enjoy the game!

ps. Thank you to everyone that has donated or supported the cause around our players injuries and helping the players. The players are extremely proud and grateful for your help.

# RACISM IN FOOTBALL

Racism, the topic that never seems to go away.

I know Pre-Christmas seems like an eternity ago, but some may remember a previous feature focused on racism in football and how damaging it is to the sport.

One thing that's for certain is that a certain few Montenegro fans didn't get the message, which has slowly grabbed mine, and hopefully your attention back to the dismal topic. What can actually be done to make it go away?

The occurrence in question saw England's Danny Rose in particular, taunted with 'monkey sounds' from the stands of the Podgorica City Stadium (Montenegro) during England's 2020 qualifier against the Baltic-capital last Monday, which led to teammate Raheem Sterling celebrating by cupping his ear at said fans in a display of astonishing resilience after he added England's fifth in a 5-1 victory.

Sterling, whose been a constant figure in the battle against racism demanded: "Something needs to be done by the major authorities, people need to be banned for life or else this will keep happening".

Sterling's suggested punishment however, is what really intrigued me, because would that actually work and would it work across all tiers of English football, even in Frome's Southern Premier Division, here say?

To investigate, I spoke to some people around the Southampton area, one man suggested: "They should be arrested and there should be a fixed prison sentence for racists".

While another said: "Ban them all, fines won't work at all, and what these people love most is supporting their team. So take that away from them".

For many fines have proved an inadequate and pointless punishment for years, but bans could also be ineffective, because the accused may not be die-hard fans of the club they're watching and also at less developed grounds and clubs,

the security isn't necessarily capable of continually enforcing bans.

Which leads me onto the second suggestion, a fixed prison sentence for people who racially abuse. However once more, if racism begins (heaven forbid) to become an epidemic once more, this'll put pressure on our legal systems and isn't sustainable.

Also, in 2019 has it really come to this even being an option?

For this feature more than any others before I'm really intrigued by people's opinions on the matter, especially as Frome Town FC is a place where there are a mix of black and white players, performing week in and out for The Robins.

How should and can racism be stomped out? Should punishments be the same through all tiers of English football? And when should it be implemented?

## *Frome Town FC:*

# OUR PLAYERS

### **James Carey (Goalkeeper)**

James joined us on loan from Bristol City under 23 squad when we faced a 'keeper crisis and has shown himself to be an agile and impressive goalkeeper. He is just 18 and has a lot of potential for a career in the professional game.

### **Rob Brown (Goalkeeper)**

Brown signed for The Robins in January, after spending the first half of the season with the Southern League Division One South side. He won the Western League with Melksham Town last season, before he made the move to Athletic Field in the summer.

### **Marcus Mapstone (Defender)**

Joined Frome from Mangotsfield United and can play either in defence or midfield. Formerly with Yate Town, Paulton and Almondsbury Town. His experience and composure on the ball are vital for us.

### **Conor McCormack (Defender)**

Conor has represented both Chippenham Town and Mangotsfield in recent years and is a former England Schoolboys captain who is returning to football after a spell of injuries – he offers defensive options with his versatility.

### **Kris Miller (Defender)**

Re-joined Frome from Bridgwater Town back in December 2014 and can play either as a fullback or winger. He is much loved by opposition supporters.

### **Connor Roberts (Defender)**

The full back signed from Biggleswade Town & has previously been with Northampton Town, joining Frome after relocating. Connor established himself quickly as a fans and staff favourite and spent the first half of last season on loan with Hitchin before returning to Frome.

### **Charlie Saunders (Defender)**

Following some encouraging performances in pre-season we were pleased to announce the signing of 18 year old central defender Charlie Saunders. Charlie is very highly thought of and has played for Bath City U18's, making 1 first team appearance, and also represented England Colleges.

### **Rickie Scott (Defender)**

Rickie had Southern League experience with Mangotsfield before playing for Bradford for 2 seasons. Primarily a left back but can also be used in midfield or as a centre half. An athlete who can get up and down and has played pretty much every minute in the last 2 seasons. A leader through his performances.

**Billy Fletcher (Defender)**

Fletcher signed from Melksham Town in October 2018. The uncompromising defender is well-known by Danny Greaves, playing under The Robins manager at Bradford Town last season.

**Sam Teale (Defender)**

Club captain, formerly with Weston-Super-Mare and Paulton Rovers & is equally at home anywhere across the back line. Popular amongst the fans and took on the mantle of manager at the end of last season when it was required. A true team player.

**Josh Morgan-Williams (Midfielder)**

The attacking midfielder joined for a second spell back in December, as he made a handful of appearances for the club in 2015. He's also spent time at Oxford United and Chippenham Town, as well as Yate Town and North Leigh.

**Johnny Gorman (Midfielder)**

The former Northern Ireland international joined the club in October 2018 from Northwich Victoria. The tricky winger made his professional debut for Wolves in Premier League as a substitute in a 1-2 Premier League defeat at Norwich City on 24 March 2012.

**Matt Morris (Midfielder)**

Another product of the Saints academy. Technically good, direct runner, left and right foot and versatile. Joined in the summer from Bradford Town.

**Rex Mannings (Midfielder)**

Mannings signed from Bristol Manor Farm in October 2018. The attacking midfielder signed for Manor Farm after leaving Oxford United at the end of last season.

**Harry Barnes (Midfielder)**

Joined last season from our under 18's side and spent much of the season out on loan – Harry will be keen to continue his football development and pushing to get himself into the first team on a more regular basis.

**Tom Mehew (Midfielder)**

Mehew signed on-loan from Bristol Rovers back in December. Last season, he spent time on loan at Western League side Hallen.

**Ben Griffiths (Midfielder)**

Ben signed last 2 years ago from the Yeovil youth set up but unfortunately spent the entire first season recovering from injury. Last season he made plenty of appearances and this year he will expect to be equally involved – another bright prospect and particularly versatile.

**Ollie Knowles (Midfielder)**

Joined in January 2018 from Tiverton Town a combative defensive midfielder who is technically excellent and experienced at this level. Frome signed Ollie some years ago from Exeter City, although he was tempted away by Truro City in 2015 before returning last year.

**Alex Monks (Midfielder)**

Alex is a good all round midfielder with aggression but also composure on the ball. He came through the Bristol City youth set up before his development was halted through a serious injury. Since then has played a few seasons in the western league to regain fitness and confidence. Last season he played for Mangotsfield Utd.

**Kris Scott (Midfielder)**

Central midfield player Kris Scott joined this summer from Weston-Super-Mare. He comes with a very good pedigree having played for Stoke and Swansea before Leicester decided to pay a fee to bring him to the Premier League. Scott then went on to play for non-league sides Nuneaton and Weston, and has also represented USA within their U20s squad. He has recently started a new career off the pitch and is looking forward to getting back to enjoying his football with Frome Town.

**Dan Whitley (Midfielder)**

Young Frome player stepping up from local football after spending last season at Frome Town Sports – Dan is keen to prove himself at a higher level.

**Ryan Bath (Striker)**

Target man who we have yet to see the best of due to limited opportunities. When called on to lead the line he has put in some great performances, with one or two spectacular goals and we expect to see more goals from him this season.

**Tristan Plummer (Striker)**

Plummer signed from Weston-Super-Mare in November 2018. He scored the injury-time winner for The Seagulls in the Somerset Premier Cup final last season. The pacy forward has a long CV that includes Bristol City, Portuguese side Portimonense and Channel 4's Gogglebox, where he appears with his brothers Twaine and Tremaine.

**Brad Norris (Striker)**

Norris signed for The Robins in February from Melksham Town. He returned to Southern League football in November, where he notched four goals in eight league starts on his return after an injury-stricken couple of years.

**Troy Simpson (Striker)**

The prolific striker moved from Bristol Manor Farm to Badgers Hill at the end of February, after a bumper couple of years in front of goal. Simpson scored 96 goals over the last three seasons for Odd Down and Manor Farm.

**Danny Greaves (Manager)**

Danny has a wealth of playing experience as a goal keeper with Bristol Rovers, Forest Green and Mangotsfield amongst others. Danny moved into management at an early age, firstly as an assistant at Bristol Manor Farm before taking on the role at Bradford Town where he had 2 very successful seasons before joining Frome Town in the summer. He is well on the way to dispelling the myth that goal keepers don't make good managers.

## **DANNY GREAVES**

Welcome to Badgers Hill for today's game against Farnborough.

With 7 games to go, our task is looking a very challenging one, but with our 2 recent excellent wins against Taunton and Harrow, we have given ourselves a fighting chance and have at least put some pressure on those above us.

After the Chesham game, myself and the management team sat down and had a real hard think about where we are and what / who we want to be as a football club. We felt we were drifting further and further away from our standards and expectations. Whether we stay up or go down, I am hopeful we have given you loyal fans some hope that the future will be positive. We want a young, hungry, energetic team who will give everything for the cause from minute one until the end. We want a group of lads who will sacrifice themselves for the good of the team. We want a team of players who are willing to learn, listen and carry out a game plan. I have certainly seen that in our games against Weymouth, Taunton, Harrow and in the midweek cup game. We now need to carry that on for the remaining games and into next season.

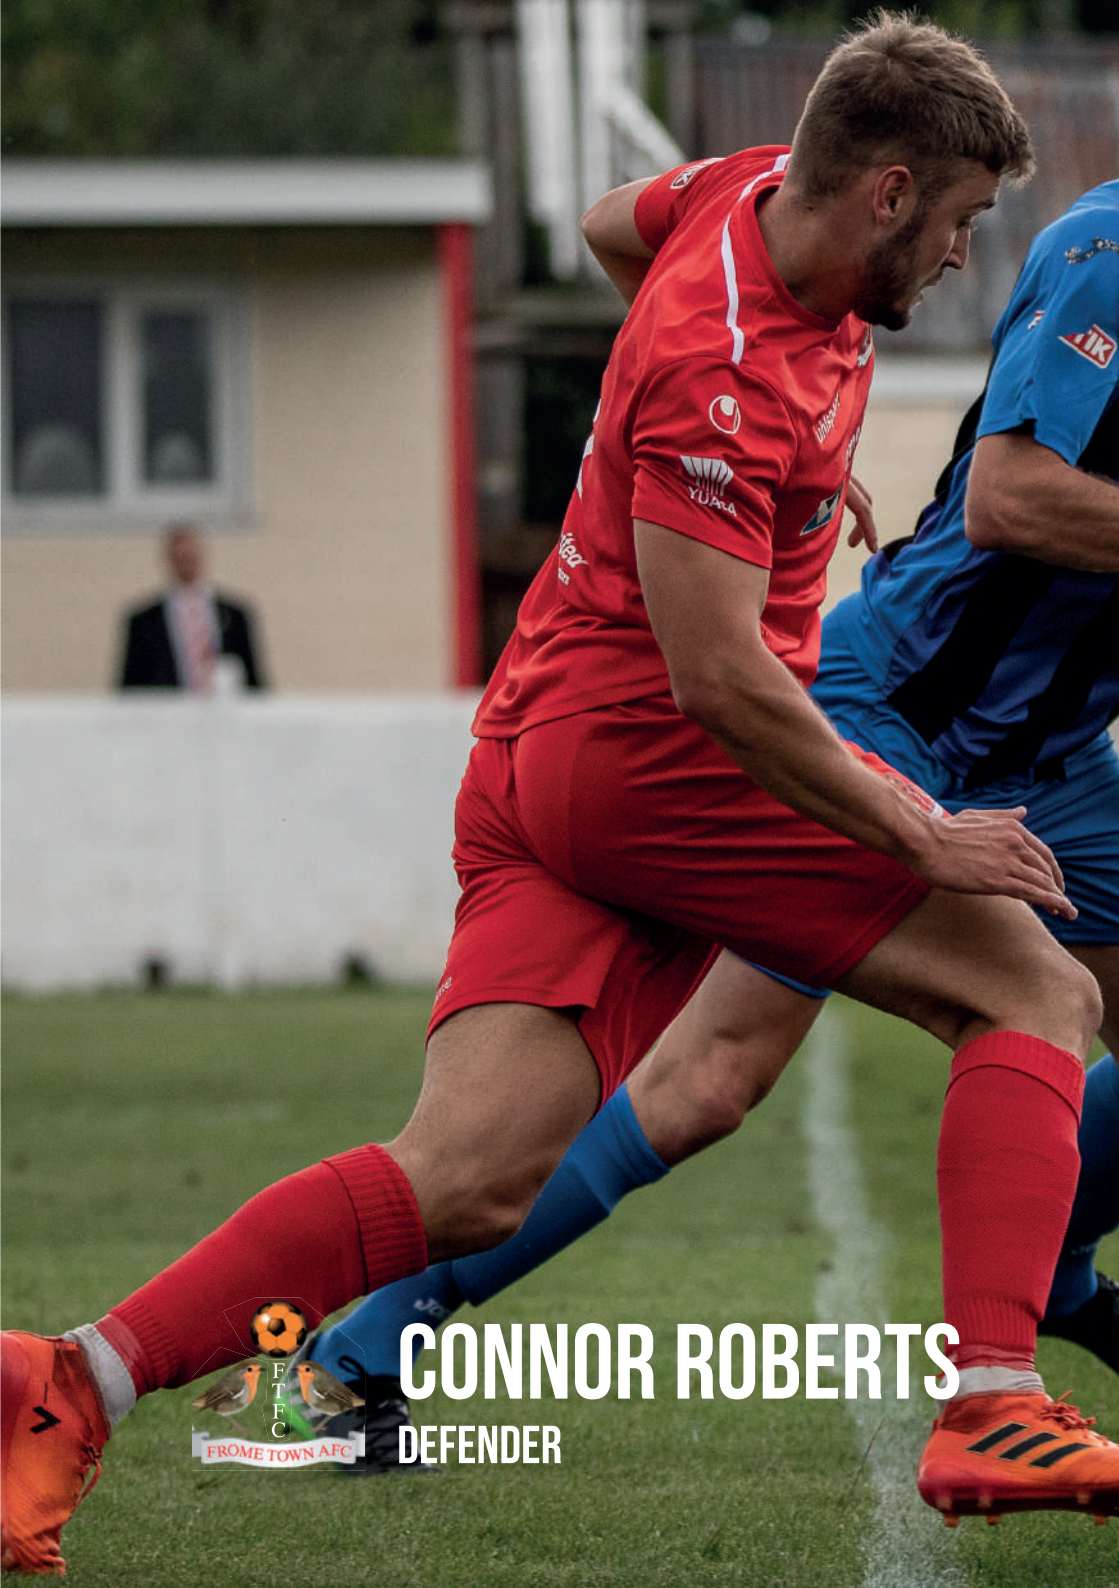

In midweek we put out a much changed side in our cup semi final against a very strong Taunton. Once again we showed all the things I have mentioned above. We unfortunately missed a penalty which was the turning point. But exit the competition with our heads held high.

With regards to today's game, Farnborough look a much changed side to the one we played earlier in the season, with a number of new players and a more direct style of play. They come in good form, and like Harrow last week, still have aspirations of a playoff spot. We know we can expect another tough game.

I must mention a couple of additions. We have signed Cameron Allen from Bristol Rovers where he mainly played in the U23s scoring 7 in 11. He has aspirations to go back full time so hopefully we can help each other. We have also signed 2 boys from Bristol City who will be involved today in Ryley Towler and Joe Low. Both have exciting futures in the game with Joe recently being called into the Wales U21 squad. Hopefully they can do as well as the likes of James Carey and Tom Mehew who have both come in on loan and done extremely well.

As always, get behind the team, create an atmosphere, and let's get a result.

Enjoy the game!

**CONNOR ROBERTS**  
DEFENDER

## *Player Spotlight:*

# CONNOR ROBERTS

The battle draws on as Frome continue to fight for survival. Confidence may be key, and one player who certainly has it is Connor Roberts, even though he admits this season has been the toughest he's ever been involved in.

"This season has been the hardest I've played in and I think we all knew it was going to be that way with the changes around the club. But it will be the most memorable when we stay up!"

With games remaining now into single figures, individual performances to snatch that extra point, or three, in tight fought games will become even more relied on. Roberts' performances throughout the season have on multiple occasions played the superhero, fingers crossed they continue to do so.

"Individually this year I've been happy with how I've played, but it's not about me, it's about the whole team. And ultimately, it's the team and every individual in the team that'll do all we can to stay in this division. This is where we want to be".

"To stay up we need to stay positive, and the general mood around the camp is a good and

determined one. We believe we can win football games, and that's what we need to do now".

For Frome all year performances haven't always got the results they've deserved on paper, with Danny Greaves's sides barren run after Christmas still fresh in the minds of many. But Frome's form in recent has really picked up, and Roberts is one of the first to have an answer for why.

"Sometimes you get the rub of the green sometimes you don't, it's as simple as that. In our 1-0 loss to Staines, the worst moment of our season by far, we could've played all day and not scored, but soon after we grab two in the first 10 minutes against Taunton. We're playing without fear now.

In these final games we're going to try and pick up as many points as possible and take every game as it comes".

As serious and driven as Roberts can be however, he brought a smile to my face as he revealed through all the good and the bad, his favourite moment of the season was seeing "the gaffer save a penalty".

"Keep believing and sticking with us, and we'll stay up together!"

## *Frome Town Match Report:*

# FROME TOWN 1 - 2 TAUNTON TOWN

Heartbreak for The Robins as they were knocked out by Taunton Town in the semi-final of the Somerset Premier Cup, after being rocked by two second-half goals.

An early goal from Johnny Gorman was cancelled out by the efforts from Lewis Hall and Matt Wright.

The Robins were saved by Richard Dawley after seven minutes, as his goal-line block ended up being cleared by Connor Roberts.

Gorman gave the home side the lead on 20 minutes with his shot finding its way into the back of the net, after being set up by Ryan Bath.

Despite The Robins being ahead, neither side were able to get a stranglehold on the games proceedings in the first half at a cold Badgers Hill.

The half would end with The Robins a goal up as both teams headed into what would be a tight second 45 minutes.

A pretty uneventful first 15 minutes ensued when the second restarted, but it nearly burst into life when Cameron Allen strode into the box but he

wasn't able to control the ball and Peacocks 'keeper Lloyd Irish was able to get his hands on the ball.

The visitor would bring the semi-final back to level terms as Lewis Hall's volley outside the box rifled past Carl Crabtree just after the hour mark.

The Robins would have a chance to equalise from the spot a mere minute later, as they were awarded a penalty after Bath was brought down in the box.

Allen would spurn the opportunity to give The Robins back their lead, as his penalty went just wide of Irish's post.

Heartbreak for The Robins as Matt Wright gave The Peacocks a lead with nine minutes left on the clock, as his close range header was powered past Carl Crabtree.

# FARNBOROUGH

Courtney "CJ" Fearn (Club Captain)  
Defender/Midfielder

A product of the Farnborough Youth Academy who is earmarked for a bright future in the game. He has a first class attitude and is eager to learn and progress in the game. A talented and hardworking defender/midfielder, CJ was Young Player of the Season in 2013/14 and supporters' Player of the Season in 2014/15, 2015/16 and 2017/2018.

Liam Beach, Goalkeeper

Despite his young years, Liam brings plenty of experience to Farnborough having spent last season with Fleet Town and previous time with Hampton and Richmond Borough and Walton and Hersham.

Sean Francis, Defender

Sean joins from Kingstonian and adds plenty of experience to the Farnborough defence having previously played in the National league for Dover Athletic, Bromley and Welling.

Aaron Oakley, Defender

A product of the Swindon Town youth academy, Aaron progressed through the ranks from the age of 9 until appearing on the Swindon Town team bench 7 times at the age of 18 and training full time with the first team squad under the watchful eye of gaffer Paolo Di Canio. He also played at under

18/19 and 21 levels for Wales. Unfortunately, a foot injury curtailed his pro career, just as it was taking off and a recurring ankle injury thwarted his comeback. Now injury free, Aaron made his Farnborough debut away at Wimborne town and is already looking like a promising acquisition in the centre of defence. Former clubs also include Chippenham Town and Swindon Supermarine and more recently Ytterhogdal IK in the Swedish 2nd division.

Seth Owens, Defender

Seth started his career as a youngster at Wingate & Finchley, but at the age of 13 was snapped up by Brentford, where he remained for 6 years, working his way through the junior academy, to earn a two year scholarship, and play a total of 43 Youth team games. During his final year, he went to Hayes & Yeading United on work experience, and appeared in the Conference South. In July 2016 he transferred to AFC Wimbledon where he was awarded a 2 year pro contract and made 6 first team appearances. Unfortunately, a knee injury sustained while on loan at Whitehawk early in 2017/18 meant that his contract was not renewed. Now free of injury, his 6'1" frame should be an asset in the centre or left side of the defence. He joins Boro from Staines, whom he joined last October.

John Oyenuga, Defender

A true fans favourite, the ever smiling John rejoins the yellows having last played for us in

August 2017, before departing for Welsh Premier League outfit, Connah's Quay Nomads. A pacey right back, other former clubs include Walton and Hersham and Westfield.

**Matt Bevans, Defender/Midfield**  
Former Watford youth player, Matt went on to make 18 appearances for Oxford United. During his time at Oxford, he spent several months on loan to Farnborough during which time he duly impressed. He has spent time at Wealdstone, Oxford City and Chesham.

**Tom Leggett, Defender/Midfield**  
After progressing through the Southampton academy and captaining their under-18 side, Tom moved to Aston Villa in 2014 and became a regular for their under-23's in Premier League 2, making over fifty appearances, captaining the side whilst training with the first-team. During this time he also received a call up for the Wales under-19's, for their Euro Under-19 Championship qualifying campaign. After being released by Villa.

**Reggie Young, Midfield**  
Reggie is a highly regarded young midfielder on loan from Woking.

**Michael Fernandes, Midfield**  
A product of the Conquest Football Academy in Middlesex, Michael is a talented young winger who has had trials with Reading. He made his debut for Farnborough against Hitchin Town and immediately impressed, scoring two goals.

**Kurtis Cumberbatch, Midfield**  
All round midfielder and former Tottenham youth player, Kurtis joins Farnborough from Harrow Borough having previously played for Welling United, Charlton Athletic and Watford.

**Elliot Bonds, Midfield**  
Elliot joins Boro on a youth loan having penned a pro deal with parent team Dagenham and Redbridge which takes him to Summer 2020.

**Connor Cullen, Striker/midfield**  
Youth spells at Brentford and Staines, Connor joins the Boro from Chertsey Town where he has been plying his trade for the last four years. A nippy winger/striker, he offers a different dimension to the big Boro front men.

**Perry Coles, Striker**  
Returning for his second spell at Farnborough after a brief spell at Slough, Perry is a firm crowd favourite with his never give up attitude and his keen eye for goal.

**Marc Charles-Smith, Striker**  
Marc joins the yellows from Wingate and Finchley having previously played for Harrow Borough, Billericay, Staines and Boreham Wood, amongst others.

**Tony Halsey, Striker**  
Making the step up to step 3 from step 5 club Redhill FC in January, Tony is a promising young striker with both height and pace, hoping to make his mark at the higher level.
