## Printable Question Checklists

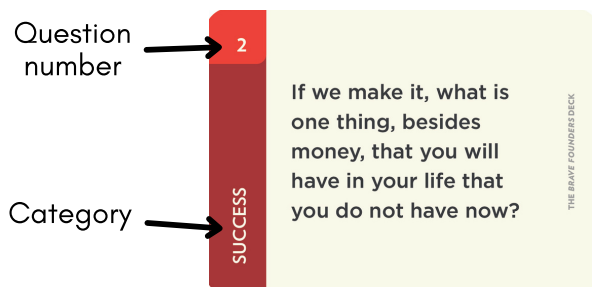

Did you know that checking things off a list gives our brain a little hit of dopamine and helps boost our motivation? You probably did, you know a lot of things.

We love checklists, and made some fun ones for you to track your progress with The Brave Founders Deck. On the following pages are three checklists. Pick the one you like best, print it out, and start having those conversations!

### How To:

Each question card in The Brave Founders Deck has a category and a number on it. These are the categories and numbers in the checklists.

After you answer a question and are satisfied the conversation about it is complete, check off the corresponding question number in the list.

### Remember!

- You don't have to complete questions in the order they are numbered (unless you want to).
- Don't rush! The goal is to connect with your cofounder and have important conversations.
- You can answer any or all of the questions more than once.
