

# COVID<sup>X</sup>

## See how we lived the #BackToAHealthyFuture event

#BackToAHealthyFuture turned out to be the event that emphasized the importance of the use of technology within the healthcare sector.

On the 21st and 22nd of September, thanks to COVID-X Program and Inno4cov-19, start-ups, investors, policymakers, big companies and healthcare providers met to enjoy discussions, networking sessions and exhibiting booths where they could discover new solutions in the health and data sector.

COVID-X programme is about to end, but we are very proud of our game changers and the project's results!
