

PROFESSIONAL SERVICES

HMH Professional Services help schools and districts achieve measurable gains with a blended approach to professional learning centered on student outcomes. We bring together influential thinkers and researchers, including leaders from HMH, the International Center for Leadership in Education® (ICLE), and Math Solutions® to act as extensions of your team—with your needs driving every engagement.

Consulting

Our consultants act as an extension of your team, providing needs assessments, strategic plans, technical services, and executive leadership support to ensure your goals are met.

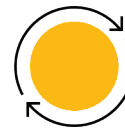

Coaching

Professional coaches from HMH, the International Center for Leadership in Education (ICLE), and Math Solutions are available on site and online to help teachers and leaders integrate new skills and strategies for real impact.

Courses

Whether focused on program implementation or building skills to enhance instructional practice, in-person and online courses help teachers and administrators ramp up quickly and effectively.

Collaboration

HMH's Coaching Studio provides high-level, online opportunities for collaboration. Educators can also participate in professional learning conferences, webinars, social media, and more to share ideas and learn together.

PreK–Grade 3

HMH EARLY LEARNING

COMPREHENSIVE CURRICULUM

Comprehensive Curriculum, Prekindergarten

Harness children's excitement with this engaging curriculum that seamlessly weaves literacy, science, math, and the arts together.

ENGLISH LANGUAGE DEVELOPMENT

English Language Development, Grades K–5

Build English learners' academic English through listening, speaking, reading, and writing skills.

With best-in-class instruction, data and insight, and professional support, we aim to deliver great outcomes for our early learners, teachers, and learning communities.

SUPPLEMENTAL PROGRAMS

Math Kindergarten Readiness, PreK, Transitional K, 4K Classrooms

Ensure that children with diverse learning and life experiences from all backgrounds learn mathematics at a deep level.

Supplemental Foundational Reading, Grades K–2

Help primary students master all foundational reading skills to ensure reading success by third grade.

Print-Based Foundational Reading, Grades K–3

Focus instruction on the critical foundational skills of literacy: phonemic awareness, phonics, decoding, spelling, alphabetizing, handwriting, fluency, and vocabulary.

Digital Supplement for Math and ELA, Grades 2–8

Provide adaptive, targeted practice for students at all proficiency levels while rewarding both academic proficiency and positive learning behaviors to foster a growth mindset in all students.

ADAPTIVE ASSESSMENT

Reading Assessment, Grades K–12

Conduct universal screening and measure students' reading growth based on the Lexile® Framework for Reading. *Reading Inventory* includes both a Foundational Reading Assessment (K–2) and a Reading Comprehension Assessment (K–12).

Mathematics Assessment, Grades K–12

Conduct universal screening and measure students' progress in mathematics based on the Quantile Framework® for Mathematics. An Early Numeracy screener quickly determines basic skills prior to administering the full adaptive ability test.

Independent Reading Assessment, Grades K–12

Track students' success on the books they read independently, in and out of school.
