FROM THE DUGOUT

Welcome back to Badgers Hill for today's game against Thatcham.

I said before the original (abandoned) tie on the 21st December, the result of this game doesn't define either teams season. We have seen over the past month that this is a competitive league and both teams can quite easily drop points against any team in this league. So while it's a very important game, it's certainly not make or break for either side.

Thatcham will once again come here as favourites. They sit top, they have 2 points advantage and they have the game in hand. I'm sure they will be coming to us confident that can stretch that lead.

We were all left a little disappointed on the 21st December as we put in an excellent display and were good value for our 2-0 lead with only 20 odd minutes to play. However that has gone and no 2 games are ever the same. We have both had a good look at each other so will be interesting to see how we both approach the game.

We come into tonight fully confident after recent strong performance levels, and a very good win on Saturday against Totton so we are very much looking forward to this game. Saturday was a real team effort and

shows what this club is about when we all pull together. The management team were at the ground early morning working on the pitch, my physio was in 3 hours early to treat and patch players up, and Louise and the team were on hand to feed and water us all. When this happens and we go home with 3 points and a fantastic performance it makes it all worthwhile.

When we are all together we can be so strong and make this a tough place for visiting teams to come.

Let's have the same level of vocal support again tonight and cheers the lads on to what will hopefully be a very exciting game between two top sides.

Enjoy the game

READING ONLINE AND THINKING ABOUT COMING TO A GAME?

If you've not attended a non-league game at Southern league level before then why not come along and visit the Badgers Hill to watch us in action?

It may not be Premier League football, but it's definitely not Sunday league football. All our players have aspirations of succeeding in football, train twice a week and are available every weekend just like the top professional.

The best bit is that we don't have VAR, the opposition fans are typically friendly and it's a very family friendly environment at Frome.

We have a clubhouse with three bars, hot food served and a snack hut for those key essentials for keeping you and your children well fed.

All children under 16 are free to come to matches and our Robins (Youth teams) have further reductions for parents. If you are in education we have a student rate.

We also offer free tickets to serving military members who can produce their warrant card on the gate.

IN THE SPOTLIGHT: DANNY GREAVES

FEATURE BY ROB BIRD

Frome's brilliant performance against Winchester somewhat epitomised their season thus far, which has been primarily down to the work from manager Danny Greaves and his coaching staff. We caught up with Greaves this week to discuss all things Frome.

"I thought the performance against Winchester was excellent. Similar to the Paulton game we controlled large parts of the game, created better chances and converted them when they arrived. To come away with two successive clean sheets is also outstanding".

"Since coming back from summer we've been open with our aspirations, we want to win more games than we lose, put smiles on faces and make Badgers Hill a place people want to come to again. It's also our aim to be in the mix for promotion come April".

Coming from a background of sports training and coaching Greaves openly admits a managerial role has been something always in his plans, an ambition he's been able to achieve since retiring from his playing days. "I did my coaching badges as a YTS

at Bristol Rovers to begin with and so have always been involved in tactics and coaching, with my first experience was coaching a local youth team whilst playing. Then after retiring from my playing days due to injury it was a natural next step for me. I went on to be Assistant Manager at Bristol Manor Farm.

"Like any player I want to be successful in what I do, and feel fortunate to manage a club like Frome so early in my managerial career. Ultimately, I want to win things at this club and see where we can go. If that leads for opportunities for me to step up later down the road, it will mean I've done well at Frome".

With this season bringing many unforgettable moments as Frome fight for promotion, it was interesting to hear which moment in Greaves' career he holds as his 'best moment':

"I've only been managing for a few years of course but helping Bradford Town to their highest ever league position in two successive seasons is definitely up there, along with getting to the last 16 of the FA Vase. Hopefully this season will add more memories.

**“WE WANT TO
WIN MORE GAMES
THAN WE LOSE,
PUT SMILES ON
FACES AND MAKE
BADGERS HILL
A PLACE PEOPLE
WANT TO COME
TO AGAIN”**

"The biggest element about management for me is man management. I love watching and analysing the players during games, and I think how you take in the information from the game, translate it in your head and then implement those plans and strategies into training massively symbolises your ability as a manager to improve a team and individuals".

Obviously at the start of a massively successful managerial career himself, I was intrigued to find out who Greaves himself is impressed by. However, unlike the usual 'Arsene Wenger, Alex Ferguson and Jose Mourinho answers, Greaves' response was clearly thought out.

"I think Eddie Howe is a great modern-day manager. He clearly has respect from his players and has taken the club to new heights. He's a very hands-on coach during training and you can see his players improving under him".

Another answer that came easily to Greaves was that to the question 'If you're 3-0 down, what would your halftime team talk be like'. Once more, clearly a scenario that has been thought out in detail.

"It would depend on the moment and you'd have to gauge the temperature.

At times going in hard works, but at others times a softer approach is effective."

"You're always trying to get a positive reaction from the players, because ultimately a bad performance comes down to attitude, mindset or tactical issues, and it's your job in the team talk to change that".

Being 3-0 down with players like Messi and Ronaldo in your team is fairly unlikely, although neither of those players come close to Greaves' 'dream player'.

"For me Roy Keane is a player I'd love to have in my team. The Juventus champions league game in 1999 sums the man up, he's not the most talented compared to the likes of Scholes or Zidane, but he'd always drag his team over the line".

And for Frome, it's the fans who take that role of Keane, to help push the team over the line week in and out. To you, Greaves had a few words:

"I would like to thank you for your outstanding support so far this season, you've been superb with me since day one and I now hope the team and I can all repay you with something to shout about in 2020".

ASA VS...

Another week down and not much change to the table this week. With 5 home win predictions the 3-0 win over AFC Totton meant the table all moved up 1pt with the exception of Billy who's trying hard to pick up results by going against the grain. But a few correct score predictions and this is already to change.

This week sees the 2-1 brigade out in force with four of our players going for the small win with no clean sheet option. It's faired Asa well so far! However, for Patrick, if Frome can keep the clean sheet and mirror the last game it will start to narrow Asa's lead on the competition.

We want to take the opportunity to thank Geoff for his hard work at the supporters club as he announced his retirement from his role this week.

THIS WEEKS PREDICTIONS

finish his penalty to put the
Robins 2 nil up.

Thatcham will be smiling into the Christmas break as the referee stopped the match with 15 minutes to play due to "Player Safety" concerns.

In a match that had heavily been billed as a potential league decider with both teams in impressive league form. However Frome produced a dominant display that saw the Robins race to a 2 goal lead.

The pitch had passed a referee inspection prior to the start of the game but as the game started the pitch cut up pretty quickly in the rain. The rain was a constant throughout the match as the playing conditions were tough but as most people would say "I've played on much much worse".

Frome's midfield were on song, with Monks and Davies setting the early tone. The first big chance fell to Kane Simpson, as a loose challenge found Simpson free on the edge of the box. Kane hit the shot too hard as it flew just over the bar. The pressure kept coming in waves and on 16 minutes a moment of magic from Davies as he beat a player easily before being felled clumsily in the box. Alex Monks stepped up and dispatched the penalty in style. Then on 22 minutes, the referee played a great advantage in the centre of the park. The ball run free to Monks, who looked up and hammered home a wonderful strike from over 25 yards into the bottom left hand corner.

The first half was totally dominated by Frome Town as chances came and went with Simpson and Cooper coming close to increasing the Robins lead.

At half time the rain seemed to be slowing down and any concerns of an abandonment looked premature.

The second half started as the first with first Kane Simpson putting wide from close range, followed by Matt Smith putting one

over the bar following great work from Mannings on the wing.

With the game starting to slow and Frome comfortable in possession, a free kick was awarded to Frome on the halfway line. With the referee about to start play the linesman signalled for a conversation, the result was the referee declaring the match abandoned as the rain started to come down again.

The boos rang out around the Hill, as much bemusement at the referee's decision followed as many thought if the game had been safe at kick-off and Halftime, there was no real difference in the 75th minute.

FANS REACTION

Dave Watkins

I don't really get that decision. The pitch was no worse when he ended it than it was at half time even before the game. Aside from the ball getting held up by the mud occasionally, I didn't spot too many issues? The few dodgy tackles were not caused by the pitch

Steve Pearce

Such a pity it was abandoned, the Town were far superior and 2-0 absolutely flattered Thatcham, poor old Simmo will be having nightmares about the chances he missed. Excellent crowd today just shy of 400

Michael Ford

Referees have to look at player safety which I get BUT no one was falling over and on that part of the pitch the tackles were fine..... Thatcham used that to their advantage Frome goal? He kept us in the game when it was still 1-0, made several outstanding saves

THATCHAM TOWN

FOUNDED:	1894
NICKNAME:	THE KINGFISHERS
HOME GROUND:	STACATRUC STADIUM (1,500)
CURRENT LEAGUE POS:	1ST
LAST SEASON FINISH:	11TH
DISTANCE TRAVELLED:	60 MILES

Thatcham Town Football Club was founded in 1894. In the early years Thatcham played at The Marsh on Dunston Green, Brownsfield (home of the Cricket Club), Station Road, and in 1949 moved to Lancaster Close. In January 1983 a friendly was played against Fulham FC to commemorate the switching on of new floodlights. To provide improved facilities the club moved to Waterside Park in 1992/93.

The club joined the Reading Temperance League in 1896, winning the Division Two title in 1905/06. In 1953 Thatcham became founder members of the Hellenic League and promoted to the Premier Division as Division One champions in 1958/59, 1964/65 and 1972/73. The club then won the Hellenic Premier Division title in 1974/75.

The club joined the newly formed Wessex League in 1986 and won the title in 1995/96. After finishing second in 2005/06, ground requirements were met earning promotion to step four. The Kingfishers spent eight seasons in the Southern League Division One – seven in the South & West Division and one (2012/13) in the Central. After sixth-placed finishes in 2006/07 and 2008/09, the club achieved its highest ever position in 2010/11.

Despite being in the bottom half of the table at Christmas, the club earned 38

points from the final 15 matches to finish in fifth, however Thatcham were beaten at Sholing in the play-off semi-final.

Once safety was assured in 2013/14, the club resigned from the Southern League to cut costs by playing at a lower level.

Following Thatcham Town's best ever season, the club finished mid-table in their first season back in the Southern League Division One South and are optimistic of a successful 2019/20 season.

In 1989 Thatcham reached the last eight of the FA Vase, and in the same competition a record attendance of 1,400 was set when Aldershot Town won 1-0 at Waterside Park in 1993/94. However in 2017/18, Thatcham went all the way and rounded off a magnificent season by lifting the trophy at Wembley Stadium!

A fifth round win against Bromsgrove Sporting brought realisation the club could be on the verge of something special, then over 2,200 attended the quarter-final victory at Melksham Town as cup fever swept the town. Thatcham defeated 1874 Northwich 1-0 and 3-2 in the two-legged semi-final, and took over 5,000 fans to Wembley as Stockton Town were beaten 1-0 in the final.

IF YOU KNOW YOUR HISTORY...

Frome Town, known at the Robins, were formed in 1904 and played in the Wiltshire Premier League. Early success came in the form of three Somerset Senior League Championships in between 1906 and 1911, whilst in between the Wiltshire League Championship was won in 1909-10.

The Club reached the Fifth Qualifying Round of the FA Cup in 1911-12 under the old format of the competition, which was today's equivalent of the Third Round proper losing 4-1 at Southport Central, in front of a crowd of 3,366.

Frome entered the Western League in 1919 and immediately became Division 2 Champions while the Somerset FA Senior Cup was won in successive seasons 1932-22 & 1933-34 & for a third time in 1950-51.

Frome have always played at Badgers Hill and the ground held its biggest gate in 1954 when 8,000 spectators saw Leyton Orient win 3-0 in the FA Cup First Round Proper. In the same season promotion was gained to Division One of the Western League & were beaten finalists in the inaugural Western League Cup.

Promotion was gained back into the Western League after a spell in the Wiltshire League again in 1962-63 where the club remained until 2009. Success was gained in the Somerset Premier Cup in 1966-67 with victory over Yeovil Town in the final and the cup was shared by the same two teams in 1968-69.

Frome's greatest triumph came in 1978-79 when the club won the Western League. The Championship was secured by losing only once in the last 32 matches. The League Cup followed in 1979-80.

Another vintage year followed in 1982-83 with victories in both the Somerset FA Premier Cup and the Western League Cup, plus runners-up in the league.

Following those heady days, Frome flirted all too often with relegation from the Premier Division, and were relegated in 1995-96 and the Club spent several years in the lower reaches of the First Division.

The Club was re-structured off the field in 1999-00 but despite the ground being upgraded unfortunately success on the field did not follow with a re-structure of the league saving the Club from relegation into County football.

Frome improved rapidly and after finishing third continued upwards as they won promotion back to the Western League Premier Division after a six year absence the following year & also reached the final of the league cup.

With Frome struggling to win at home during the 2003/04 season the Club turned to the help of a local "White Witch", Titania Hardie. This move brought huge media interest from all over the World. It worked immediately and they went on a magnificent run that saw them go on to finish 3rd in the league.

The 2004-05 season saw the Club celebrate their centenary & events on the field saw the Robins reach the Quarter-Finals of the FA Vase before eventually losing 3-0 at Jarrow Roofing.

A seventh, third and fourth placed finish saw the club continually improving and then runners-up spot in 2008-09 secured promotion into the Southern League for the first time in the Clubs history. The Somerset Premier Cup was also secured with a 3-1 win over local rivals Paulton Rovers.

After a poor start to life in the Southern League and a quick change of manager Frome went on an incredible unbeaten run and finished the season in sixth

place and just three points from a play-off place. 12 months later and Frome beat Sholing 1-0 in the play-off final to secure promotion to the Southern Premier Division.

The summer of 2011 also saw the Club receive the prestigious FA Charter Standard Community Club status and, in 2012, after a great first season in the Southern Premier Division the Club were awarded the title of Community Club of the year for Somerset and then also picked up the regional award that took them into the national final.

Over the last few seasons the Robins have retained their league status while also finishing as runners-up in the Southern League Cup and the Somerset Premier Cup.

2016/17 was our most successful league season to date with the Club finishing in a respectable 8th place in the Southern League Premier division with our highest points total.

After a difficult season Frome were relegated back to Division 1 of the Southern League at the end of the 2018/19 season. With wholesale squad changes it will be interesting to see how this season develops.
