From the Boardroom with:

GARY COLLINSON

Firstly, I would like to warm welcome to the players, staff, directors and supporters of Hartley Wintney on their first visit to Badgers Hill and hope their short stay with is an enjoyable one. Our visitors are currently sit comfortably in 11th in their first season in this division. Our position is obviously much more precarious and barring a spectacular run of form, or an unexpected reprieve we are likely to be playing first division football next season.

When we beat Taunton & Harrow it seemed like we had a great opportunity to reach safety but consecutive odd goal defeats to a very late Farnborough penalty, and a ridiculous non awarded free kick against Beaconsfield pretty much summed up the season so far. This was compounded by a heavy defeat at Walton Casuals and leaves a literal mountain to climb. However as the saying goes it's not all over until the fat lady sings and we have to get as many points on the board as we can over the next 4 games and see what happens.

It has been good to see some young and local players getting their chance and I have no doubt this is the future direction the Club needs to move in,

regardless of the division we are competing in. We are simply not in a financial position to compete with the vast majority of our rivals and lag behind most in supporter numbers too.

There is however much to be positive about, our under 18's have had a great first season back in the floodlight youth league, the junior Robins go from strength to strength, the ladies won their league at a canter and Frome Town Sports have also competed well at the top end of their division. All being well our full time football academy will launch in September as we continue to grow the Club. All this will help strengthen the first team ultimately. Our final home game will be here on Easter Monday when we entertain promotion hopefuls Salisbury City and expect a big gate. We will be presenting the end of season player awards after this game so please join us in the club house after the game.

Enjoy the game and please get behind the players, your support is very much appreciated.

Feature by Rob Bird:

RESCUE OR REBUILD

Frome now with just four games left and still nine points adrift from safety find themselves with an unfortunate but formidable mountain to climb. A 3-2 loss at home to Farnborough in late March somewhat epitomised Frome's hard battling mentality, again let down by a hint of luck that has seemed to have avoided Danny Greaves's men all season.

While on the topic of Greaves however, it's both important and pleasing that Graves still retains the "full support of Board Directors" after rumours spread of potential departures earlier in the year – as reported by 'Non-League Today, which begs the question, with the right man still in the job, what's the best plan of action for The Robins; rescue or rebuild?

If you've been a frequent indulger of programmes this season, you'll be aware of the "hero that is needed for Frome", commonly suggested in the player spotlight articles. However, as many players such as captain Sam Teale have already said this season, frequent departures of players have been detrimental to Frome's capabilities on the field, so is somebody "stepping up to be the hero" really what Frome need?

At the start of the season suggesting relegation could be a positive to fans would've made many stomachs turn, but the potential benefits of going down a division should be considered.

Firstly, it would allow for squad rebuild, players who are genuinely committed and willing to fight for Frome should in theory stay and fight for promotion back to the Southern Premier Division, which should in turn decrease the amount of departures during the season.

Secondly, it would allow time to further prepare for battle in the Southern Premier Division. A common issue Frome have faced this season for example is conceding late goals, something which could be improved and practiced upon in a lower league,

so when (if planned) promotion is achieved, Frome can go in confident areas of weakness this season have been strengthened.

And finally, and also most importantly, it'll allow everyone involved in the club to fully enjoy and experience thrilling Frome football again. In a lower league Frome will be allowed opportunity to be more expressive, displaying football you, the fans want to see without the constant stress and heartbreaks this current season has brought. This could also in theory be

carried over if Frome were to achieve Southern Premier status once more, meaning Badgers Hill will truly be the twelfth man Frome need.

This feature should not at all be confused with it being suggested Frome will, or should, be relegated but does consider some of the positives should that be the case. Frome do have a mountain to climb, but it's one both manager and players have frequently said they're ready to conquer.

What's your thoughts on this?
What would be best for Frome?

Frome Town FC:

OUR PLAYERS

James Carey (Goalkeeper)

James joined us on loan from Bristol City under 23 squad when we faced a 'keeper crisis and has shown himself to be an agile and impressive goalkeeper. He is just 18 and has a lot of potential for a career in the professional game.

Rob Brown (Goalkeeper)

Brown signed for The Robins in January, after spending the first half of the season with the Southern League Division One South side. He won the Western League with Melksham Town last season, before he made the move to Athletic Field in the summer.

Marcus Mapstone (Defender)

Joined Frome from Mangotsfield United and can play either in defence or midfield. Formerly with Yate Town, Paulton and Almondsbury Town. His experience and composure on the ball are vital for us.

Conor McCormack (Defender)

Conor has represented both Chippenham Town and Mangotsfield in recent years and is a former England Schoolboys captain who is returning to football after a spell of injuries – he offers defensive options with his versatility.

Kris Miller (Defender)

Re-joined Frome from Bridgwater Town back in December 2014 and can play either as a fullback or winger. He is much loved by opposition supporters.

Connor Roberts (Defender)

The full back signed from Biggleswade Town & has previously been with Northampton Town, joining Frome after relocating. Connor established himself quickly as a fans and staff favourite and spent the first half of last season on loan with Hitchin before returning to Frome.

Charlie Saunders (Defender)

Following some encouraging performances in pre-season we were pleased to announce the signing of 18 year old central defender Charlie Saunders. Charlie is very highly thought of and has played for Bath City U18's, making 1 first team appearance, and also represented England Colleges.

Rickie Scott (Defender)

Rickie had Southern League experience with Mangotsfield before playing for Bradford for 2 seasons. Primarily a left back but can also be used in midfield or as a centre half. An athlete who can get up and down and has played pretty much every minute in the last 2 seasons. A leader through his performances.

Billy Fletcher (Defender)

Fletcher signed from Melksham Town in October 2018. The uncompromising defender is well-known by Danny Greaves, playing under The Robins manager at Bradford Town last season.

Sam Teale (Defender)

Club captain, formerly with Weston-Super-Mare and Paulton Rovers & is equally at home anywhere across the back line. Popular amongst the fans and took on the mantle of manager at the end of last season when it was required. A true team player.

Josh Morgan-Williams (Midfielder)

The attacking midfielder joined for a second spell back in December, as he made a handful of appearances for the club in 2015. He's also spent time at Oxford United and Chippenham Town, as well as Yate Town and North Leigh.

Johnny Gorman (Midfielder)

The former Northern Ireland international joined the club in October 2018 from Northwich Victoria. The tricky winger made his professional debut for Wolves in Premier League as a substitute in a 1-2 Premier League defeat at Norwich City on 24 March 2012.

Matt Morris (Midfielder)

Another product of the Saints academy. Technically good, direct runner, left and right foot and versatile. Joined in the summer from Bradford Town.

Rex Mannings (Midfielder)

Mannings signed from Bristol Manor Farm in October 2018. The attacking midfielder signed for Manor Farm after leaving Oxford United at the end of last season.

Harry Barnes (Midfielder)

Joined last season from our under 18's side and spent much of the season out on loan – Harry will be keen to continue his football development and pushing to get himself into the first team on a more regular basis.

Tom Mehew (Midfielder)

Mehew signed on-loan from Bristol Rovers back in December. Last season, he spent time on loan at Western League side Hallen.

Ben Griffiths (Midfielder)

Ben signed last 2 years ago from the Yeovil youth set up but unfortunately spent the entire first season recovering from injury. Last season he made plenty of appearances and this year he will expect to be equally involved – another bright prospect and particularly versatile.

Ollie Knowles (Midfielder)

Joined in January 2018 from Tiverton Town a combative defensive midfielder who is technically excellent and experienced at this level. Frome signed Ollie some years ago from Exeter City, although he was tempted away by Truro City in 2015 before returning last year.

Alex Monks (Midfielder)

Alex is a good all round midfielder with aggression but also composure on the ball. He came through the Bristol City youth set up before his development was halted through a serious injury. Since then has played a few seasons in the western league to regain fitness and confidence. Last season he played for Mangotsfield Utd.

Kris Scott (Midfielder)

Central midfield player Kris Scott joined this summer from Weston-Super-Mare. He comes with a very good pedigree having played for Stoke and Swansea before Leicester decided to pay a fee to bring him to the Premier League. Scott then went on to play for non-league sides Nuneaton and Weston, and has also represented USA within their U20s squad. He has recently started a new career off the pitch and is looking forward to getting back to enjoying his football with Frome Town.

Dan Whitley (Midfielder)

Young Frome player stepping up from local football after spending last season at Frome Town Sports – Dan is keen to prove himself at a higher level.

Ryan Bath (Striker)

Target man who we have yet to see the best of due to limited opportunities. When called on to lead the line he has put in some great performances, with one or two spectacular goals and we expect to see more goals from him this season.

Tristan Plummer (Striker)

Plummer signed from Weston-Super-Mare in November 2018. He scored the injury-time winner for The Seagulls in the Somerset Premier Cup final last season. The pacy forward has a long CV that includes Bristol City, Portuguese side Portimonense and Channel 4's Gogglebox, where he appears with his brothers Twaine and Tremaine.

Brad Norris (Striker)

Norris signed for The Robins in February from Melksham Town. He returned to Southern League football in November, where he notched four goals in eight league starts on his return after an injury-stricken couple of years.

Troy Simpson (Striker)

The prolific striker moved from Bristol Manor Farm to Badgers Hill at the end of February, after a bumper couple of years in front of goal. Simpson scored 96 goals over the last three seasons for Odd Down and Manor Farm.

Danny Greaves (Manager)

Danny has a wealth of playing experience as a goal keeper with Bristol Rovers, Forest Green and Mangotsfield amongst others. Danny moved into management at an early age, firstly as an assistant at Bristol Manor Farm before taking on the role at Bradford Town where he had 2 very successful seasons before joining Frome Town in the summer. He is well on the way to dispelling the myth that goal keepers don't make good managers.

Greavesy

From the Dug Out with:

DANNY GREAVES

Welcome back to Badgers Hill for today's game against Hartley Wintney. I must congratulate them on an excellent first season in the league. We played them fairly early on it what was an eventful game. Leading 1-0, our keeper going off injured with 10 minutes to go, myself coming on, picking the ball out the net with my first touch, saving a penalty in the 90th minute thinking we have secured a point, only to be done with a screamer into the top corner with the last kick to lose 2-1. It was clear the team spirit they seemed to have would take them along way.

The last 10 days or so have been very disappointing. Firstly the defeat to Beaconsfield in our last home game to an horrendous refereeing decision which decided the game. We then seemed to have a bit of a hangover going into the game against Walton on Saturday losing 4-1 when we were soundly beaten.

That defeat to a rival has all but sealed our fate. Leaving us 10 points off safety with only 12 available. Ultimately, over the course of the season, we are where we deserve to be. No excuses. I take full responsibility and it hurts. I knew it would be a difficult when taking the job following on from what

happened over the second half of last season, with so many players leaving, resulting in a complete rebuild. We have used far too many players, some have let me, teammates and the club down, and some have not been good enough. Lots of lessons have been learnt on and off the field. Planning has already started on and off the pitch, and you have probably seen evidence of that on the pitch in the last month, and I'm sure you will agree, we have something to build on.

One positive is recent weeks including last Saturday, was a squad contained 7 teenagers, 5 of whom started, along with a number of others in thier early 20s. These boys competed well and never gave up and never hid. Their performances over the last month which have included running Weymouth and F arnborough very close, while beating Taunton and Harrow Borough has been extremely encouraging as we build for the future.

We now have 4 games left. We will hopefully see one or two of the injured boys return in that time which will help the group. Myself and the management team will continue to fight for every point that is available, and I'm sure the group of players we have now will do the same until the final whistle of that final game has blown.

Please keep coming out to support the boys. Greavesy!

ALEX MONKS

MIDFIELDER

Player Spotlight:

ALEX MONKS

"This season has been the toughest I've played in, it was never going to be easy jumping two divisions in an all new team, but I'll continue to fight".

"We don't deserve to be where we are in the table, it's hard to take".

Alex Monks held nothing back when talking about this campaign, both as an individual and as a team. A campaign which for any true Frome fan has been an absolute rollercoaster of emotions.

"I feel I started this year slowly, as I tried to get used to the pace of the fast, Southern Premier Division, but with time I feel I've adapted well and I'm happy with my contribution.

"We've got a fantastic group of lads and supporters, which make this club a real pleasure to be a part of".

With now only four, crucial games left – Frome still nine points adrift of safety, Monks casted his mind back to some of the finest moments this season has brought, one of which shone notably bright.

"The 2-0 win over Taunton was incredible, we went down to 10

men with a while to play, meaning everyone had to relentlessly battle, but we were rewarded. It shows what we were capable of, were a force to be reckoned with on our day".

However, like many others, Monks couldn't shake the nightmare 1-0 loss to Staines Frome encountered only a couple of months ago, which badly damaged confidence across the camp: "We dominated for 90 minutes but couldn't score, we need to improve our consistency to make sure we don't drop points in that manner again".

"The only other thing I'd change aside from our consistency is our league position, as I said I still can't believe where we are".

Connor Roberts' name has already been mentioned once or twice by others when asked who "the star player has been this year", and it was no different for Monks, who couldn't praise the strong centre back enough: "He's an unbelievable player with brilliant skills for a centre half, it's been a pleasure to play with him this season".

Another formidable force Frome have benefited from this year is you, the fans who turn in week in and out to support the boys in Red. To you, Monks says: "Thank you for your support, it's been a tough season but you've always been amazing and we're committed to coming back stronger and readied for next season.

Frome Town Match Report:

FROME TOWN 0 - 1 BEACONSFIELD

A goal from Brendan Matthew damaged The Robins survival hopes as Beaconsfield Town secured a 1-0 victory at Badgers Hill.

Manager Danny Greaves named an unchanged side after his team so valiantly lost 3-2 against Farnborough at the weekend. The Robins had their first chance on seven minutes as a speculative ball forward is brilliantly brought down by Rex Mannings before his shot towards goal hits the post.

Two powerful long shots on target from Ollie Knowles and Troy Simpson warmed the palms of the Beaconsfield 'keeper as the home side started to control the game. The visitors took the lead on the 21st minute after striker Brendan Matthew suddenly found himself free in the area before rounding Rob Brown and slotting the ball home.

Ryan Bath nearly gave The Robins an equaliser just before half-time after he headed Joe O'Loughlin's throw-in towards goal but his effort comes off back off the bar. The second half started in a rather cagey manner with neither side lacking the key element to unlock each other's defence.

en minutes after the restart, Simpson would find himself free in the area but didn't have enough guile to get the ball past the visiting keeper.

Greaves made a couple of changes just after the hour mark. On-loan Bristol City midfielder Ryley Towler made his debut replacing Dan Whitley, while Johnny Gorman came on for Ollie Knowles.

A half with a dearth of chances and energy started to meander towards its final stages, Greaves made his final roll of the dice with ten minutes left on the clock by bringing on forward Cameron Allen for defender Rich Dawley.

The Robins couldn't break the Beaconsfield defence and had to settle for another disappointing evening at Badgers Hill.

Socialise with the Robins!
