Learn new skills • Help make your area more bike-friendly

LOVE TO RIDE

...is an online cycling encouragement platform all about helping more people ride bikes.

We at Love to Ride believe that when more people swap cars for handlebars, our world will become a cleaner, greener and happier place to be.

Log rides, set goals, earn badges, access educational content, connect with other riders, and find support to ride more. Throughout the year, you can also take part in challenges and win big prizes just for heading out for a ride!

Whether you're new to riding, or already enjoying the benefits of bikes, Love to Ride is here to help you ride more.
